What do we provide?

→ Competitive Teams

Ours teams are highly competitive in the VEX VRC program. However, the cost of this is incredibly high.

→ STEM Knowledge

We offer more access to STEM than any other organization or club in the Mukilteo area.

→ Free Membership

Membership into our club is completely free for everyone! This is why we are looking for amazing sponsors like you!

We are the only local competitive VEX Robotics organization. Other clubs are available in Washington, but they are far away and can cost thousands of dollars to join.
